Sangli, Maharashtra - 415418

EDUCATION

Shivaji University Kolhapur
B.Tech (Computer Science)

FRONTEND SKILLS

Angular 14
Angular Material
Rest Api
JavaScript
SCSS
Bootstrap4
FLEX
CSS3
HTML5

LIBRARIES

RxJs
JQuery Plugins
Transloco

VERSION CONTROLS

Git, Git Hub

IDE & TOOLS

Visual Studio Code
Angular-CLI

SUMMARY

- Passionate **Frontend Developer** with total **4+ years** and **3+ years** hands-on experience as **Front-End Angular Developer** for building responsive and dynamic **web applications**.
- I have hands on experience with the concepts and implementations of **HTML5, CSS3, Bootstrap4, Typescript, JavaScript, AJAX, ES6, Rest API, Flex, Angular 14**.
- I have worked on different **Modules** of Angular in my project and I am confident to take on projects.
- Proficient JavaScript developer with experience building dynamic, responsive web applications. Skilled in DOM manipulation, asynchronous programming (Promises, async/await), and integrating REST APIs. Delivered clean, maintainable code that improved frontend performance and user experience.
- Adopt at implementing modern **UI/UX** design principles using technologies like **SASS, Flexbox**, and **Material Design**, ensuring a seamless user experience across devices.
- Strong problem-solving abilities with a focus on creating high-performance, scalable solutions

WORK EXPERIENCE

Senior Software Developer (project) July 2022 Clover Infotech Pvt. Ltd.

Actively engaged in comprehensive knowledge transfer and onboarding processes to contribute effectively to my team's objectives.

Angular Developer (project) Oct 2022 – July 2025

Municipal Health Department Portal – Mentioned major points*

Access Control & Security

- Developed a restricted-access portal for municipal health employees using Angular 14
- Enforced strict role-based permissions (RBAC) via Angular Auth Guards

Form Management & Data Validation

- Built high-performance forms (Reactive + Template-Driven) with complex validation
- Reduced form submission errors by robust validation workflows

API Security & Performance

- Secured all API communication with JWT authentication
- Implemented HTTP Interceptors for centralized token handling and error management

Performance Optimization

- Achieved faster load times through lazy loading.
- Utilized Route Resolvers to pre-fetch critical data for seamless user experience

UI/UX Implementation

- Designed responsive interfaces using Angular Material for consistent cross-device experience
- Maintained UI/UX standards across different user roles (admin, supervisors, field staff)

Data Security & Real-time Updates

- Implemented encrypted session storage for sensitive health records protection

Support Engineer Dec 2021- Oct 2022 CSM Tech Corp In.

- Experience in managing administrative tasks such as scheduling, document, management, and correspondence handling.
- Proficient in data entry, updating records, and maintaining databases accurately. Handling office supplies, tracking inventory, and ensuring smooth operational flow.
