AMRUT SHETE

amrut.shete13@gmail.com ◇ +91 9503527619 ◇ LinkedIn

Summary

- Passionate **Frontend Developer** with **4+ years** and **2.8 years** hands-on experience in **Angular** for building responsive and dynamic **web applications**.
- I have hands on experience with the concepts and implementations of **HTML5, CSS3, BootStrap4, Typescript, JavaScript, AJAX, ES6, Rest API, Flex, Angular 14.**
- I have worked on different **Modules** of Angular in my project and I am confident to take on projects.
- Proficient JavaScript developer with experience building dynamic, responsive web applications. Skilled in DOM manipulation, asynchronous programming (Promises, async/await), and integrating REST APIs. Delivered clean, maintainable code that improved frontend performance and user experience.
- Adopt at implementing modern **UI/UX** design principles using technologies like **SASS**, **Flexbox**, and **Material Design**, ensuring a seamless user experience across devices.
- Strong problem-solving abilities with a focus on creating high-performance, scalable solutions

WORK EXPERIENCE

Angular Developer (project)   Oct 2022 - Present
CSM Tech Corp In.

- **E-COMMERCE Project – Mentioned major points***

- **Developed User Modules**: Built reusable **Angular components** and services to streamline development and reduce code duplication across projects.

- **UI Development with Angular Material:** Created intuitive and responsive UI components using the **Angular** Material library, improving user interaction and design consistency

- **Login & Signup Forms**: Implemented **Template-driven** forms for the login and signup components, ensuring smooth and user-friendly account creation and authentication

- **HTTP API Integration**: Integrated and consumed **HTTP API modules to fetch**, display, and bind data dynamically, ensuring that user data is always up-to-date.

- **Frontend Optimization**: Applied performance best practices like **Authentication**, **lazy loading**, and **caching** to optimize the frontend performance and enhance page load speeds

- **Performance Monitoring**: Monitored and analyzed critical website performance metrics, such as **page load time** and time to interact, identifying opportunities for improvement and reducing load times

- **Real-Time Data Updates**: Ensured that the application provided accurate and up-to-date information to users in real-time, enhancing the overall user experience

Support Engineer   Dec 2021- Oct 2022
CSM Tech Corp In.

- Experience in managing administrative tasks such as scheduling, document management, and correspondence handling.

- Proficient in data entry, updating records, and maintaining databases accurately.

- Handling office supplies, tracking inventory, and ensuring smooth operational flow.

SKILLS

FRONTEND Skills	Angular 14, Angular Material, Angular signals, Typescript, JavaScript (ES6 and ES7), AJAX, JSON, FLEX, SASS, lint, Bootstrap4, CSS3, HTML5, REST API
Libraries	RxJs , JQuery Plugins , Transloco.
Version Control	GitHub, Git
IDE & Tools	Visual Studio Code, Angular-CLI,

EDUCATION

- **Bachelor of TECHNOLOY**
  (Computer Science)

Shivaji University, KOLHAPUR.

PROFILE

- **GitHub:- GitHubRepo**
